Barbara Nye, MD	Randall Weeks, PhD

ACCREDITATION STATEMENT

In support of improving patient care, this activity has been planned and implemented by University of Minnesota, Interprofessional Continuing Education and the Headache Cooperative of New England. The University of Minnesota, Interprofessional Continuing Education is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

CREDIT DESIGNATION STATEMENTS

American Medical Association (AMA)
The University of Minnesota, Interprofessional Continuing Education designates this live activity for a maximum of 8.0 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

OTHER HEALTHCARE PROFESSIONALS

Other healthcare professionals who participate in this CE activity may submit this statement of participation to their appropriate accrediting organizations or state boards for consideration of credit. The participant is responsible for determining whether this activity meets the requirements for acceptable continuing education.

This exciting program reflects the current state of headache medicine taught by an expert faculty in a case-based format.

Members \$199
Non-Members \$249

EDUCATIONAL OBJECTIVES

By attending this symposium attendees will be able to:

- Evaluate a patient who presents with headache.
- Describe the classification, diagnosis, and treatment alternatives of the different primary headache disorders.
- Detect "dangerous" secondary headaches.
- Plan appropriate acute/abortive, preventive, and rescue/emergency treatment of migraine.
- Describe the pathophysiology of migraine.
- Describe the new CGRP inhibiting monoclonal antibodies for migraine.
- Explain the use of nerve blocks and trigger point injections in the management of headache.
- Manage the geriatric patient that presents with headache.
- Explain the potential safety issues in the use of hormonal contraceptives in women migraineurs.
- Identify and manage facial neuralgias.
- Explain the basics of behavioral interventions for migraine.
- Describe the pros and cons of neuromodulation for migraine and cluster headache.
- Manage insomnia in the migraine sufferer.
- Manage headache related disability.

17th Annual HCNE Boston Headache Symposium

Headache Medicine 2017

Learning By Example: A Case-based Approach

8:00-8:05	WELCOME AND INTRODUCTION	Randall E. Weeks, PhD
	The Basics Moderator: Herbert Markley, MD	
8:05-8:35	Approach to the Headache Patient	Barbara Nye, MD
8:35-9:05	Acute Migraine Therapy	Christopher Gottschalk, MD
9:05-9:35	Preventive Migraine Therapy	Paul Rizzoli, MD
9:35-9:55	Q&A	
9:55-10:15	Break	
	A Little Beyond the Basics Moderator: Elizabeth Loder, MD, MPH	
10:15- 10:45	Pathophysiology of Migraine for the clinician	Robert Shapiro, MD, PhD
10:45-11:15	The new CGRP monoclonal antibodies for migraine	Stewart Tepper, MD
11:15-11:50	Debate: Neuromodulation is a first line treatment for migraine/cluster headache	PRO: Peter McAllister, MD CON: Thomas Ward, MD Moderator: Alan Rapoport, MD
11:50-12:05	Q&A	
12:05-1:30	LUNCH Soup, Sandwich, and Cephalalgias: Disability case management in migraine	Joseph Pachman, MD, PhD, MPH
	Injections, Hormones, and Sleep Moderator: Steven Baskin, PhD	
1:30-2:00	Nerve blocks and trigger point injections	Morris Levin, MD
2:00-2:30	Prescribing Hormonal Contraceptives to Women Migraineurs	Rebecca Burch, MD
2:30-3:00	Behavioral approach to headache: managing insomnia	Todd Smitherman, PhD
3:00-3:20	Q&A	
3:20-3:40	Break	
	The Rest of the Story Moderator: Steven Scrivani, DDS, DMedSc	
3:40-4:10	The "battle" for mid-face pain	Brian McGeeney, MD, MPH, MBA
4:10-4:40	The older patient with headaches: What to do?	R. Allan Purdy, MD
4:40-4:55	Q&A	
4:55-5:00	Closing Remarks	Randall E. Weeks, PhD
