

# 33<sup>rd</sup> Annual HCNE Winter Headache Symposium

~ *In-Person Conference* ~

**March 10 & 11, 2023**

The Hyatt Regency, Greenwich, CT

This exciting symposium is designed for physicians, dentists, psychologists, nurse practitioners, physician assistants, nurses, physical therapists, and other health professionals to learn from the leaders in headache medicine.

\$249 for Members

\$299 for Non-Members

(Membership: \$50)

Students, Residents, and Headache Medicine Fellows: FREE

Visit [www.hacoop.org](http://www.hacoop.org) for registration and program information.

**HCNE**  
Headache Cooperative of the Northeast

To request accommodations for a disability, please contact Danielle Ward ([danielleward014@gmail.com](mailto:danielleward014@gmail.com)) in writing at least two weeks prior to the conference.

## About the Headache Cooperative of the Northeast

Founded in 1990 as the Headache Cooperative of the New England, HCNE expanded and now is now known as (d/b/a) the Headache Cooperative of the Northeast, serving all New England, New York, New Jersey and eastern Canada. HCNE is a nonprofit organization composed of physicians, dentists, scientists, and allied health professionals who are passionate about headache medicine and seek to further the field through educational symposia. The Executive Board of HCNE is composed of the leading headache specialists throughout the Northeast.

## Attendee Profile

HCNE 2023 is open to all healthcare professionals who are involved in caring for headache patients and those who want to learn more. Attendees include:

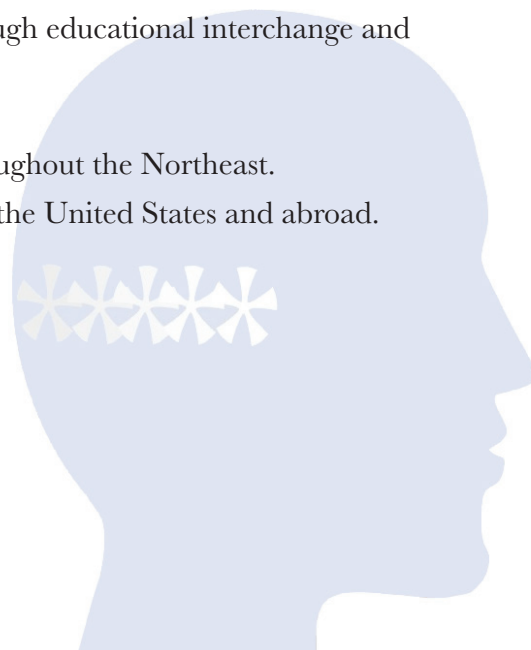

- Neurologists
- Emergency medicine physicians
- Family practice physicians
- Internal medicine physicians
- Obstetricians/Gynecologists
- Pain management physicians
- Dentists
- Psychiatrists and psychologists
- Orofacial pain specialists
- Nurses
- Nurse practitioners and physician assistants
- Pharmacists

*Others in attendance include scientists, researchers, and medical educators.*

## HCNE Mission Statement

The mission of the Headache Cooperative of the Northeast is to promote communication and spread headache information among headache caregivers and researchers:

- To provide headache education for headache experts, as well as non-headache specialists, and to increase understanding of headache in the healthcare community.
- To advance the art and science of headache medicine through educational interchange and coordinated research.
- To improve access to care for headache patients.
- To provide a forum to link providers of headache care throughout the Northeast.
- To improve communication among headache specialists in the United States and abroad.
- To create a collegial environment that promotes learning.

## Accreditation & Designation

In support of improving patient care, this activity has been planned and implemented by Boston University Chobanian & Avedisian School of Medicine and the Headache Cooperative of the Northeast (HCNE). Boston University Chobanian & Avedisian School of Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team

Boston University Chobanian & Avedisian School of Medicine designates this live activity for a maximum of *17 AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

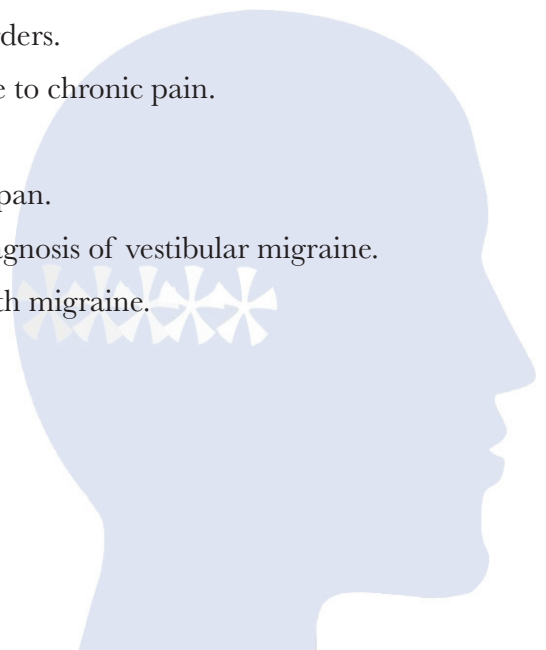

Nurses

Contact Hours: 17, of which TBD are eligible for pharmacology credit

## Educational Objectives

At the conclusion of this activity, the participants will be able to:

- Describe the classification, diagnosis, treatment alternatives and ways to measure outcome for the common primary headache disorders.
- Examine the most recent evidence for the CGRP modulating agents in the acute and preventive treatment of migraine.
- Examine the various issues in the chronification of migraine including controversies in the diagnosis of medication overuse headache.
- Discuss opportunities for intervention during the migraine prodrome.
- Explain migraine genetics and the relevance to clinical practice.
- Discuss how preclinical models of migraine with aura can help to understand symptoms and identify therapeutic targets.
- Discuss the science of psychedelics across the various pain disorders.
- Describe the role of inflammation in the progression from acute to chronic pain.
- Discuss the “third wave” behavioral treatments for migraine.
- Explain the role of hormones in headache throughout the life span.
- Describe the current understanding and controversies in the diagnosis of vestibular migraine.
- Explain the intersection of functional neurological disorders with migraine.
- Describe the relationship between COVID-19 and headache.

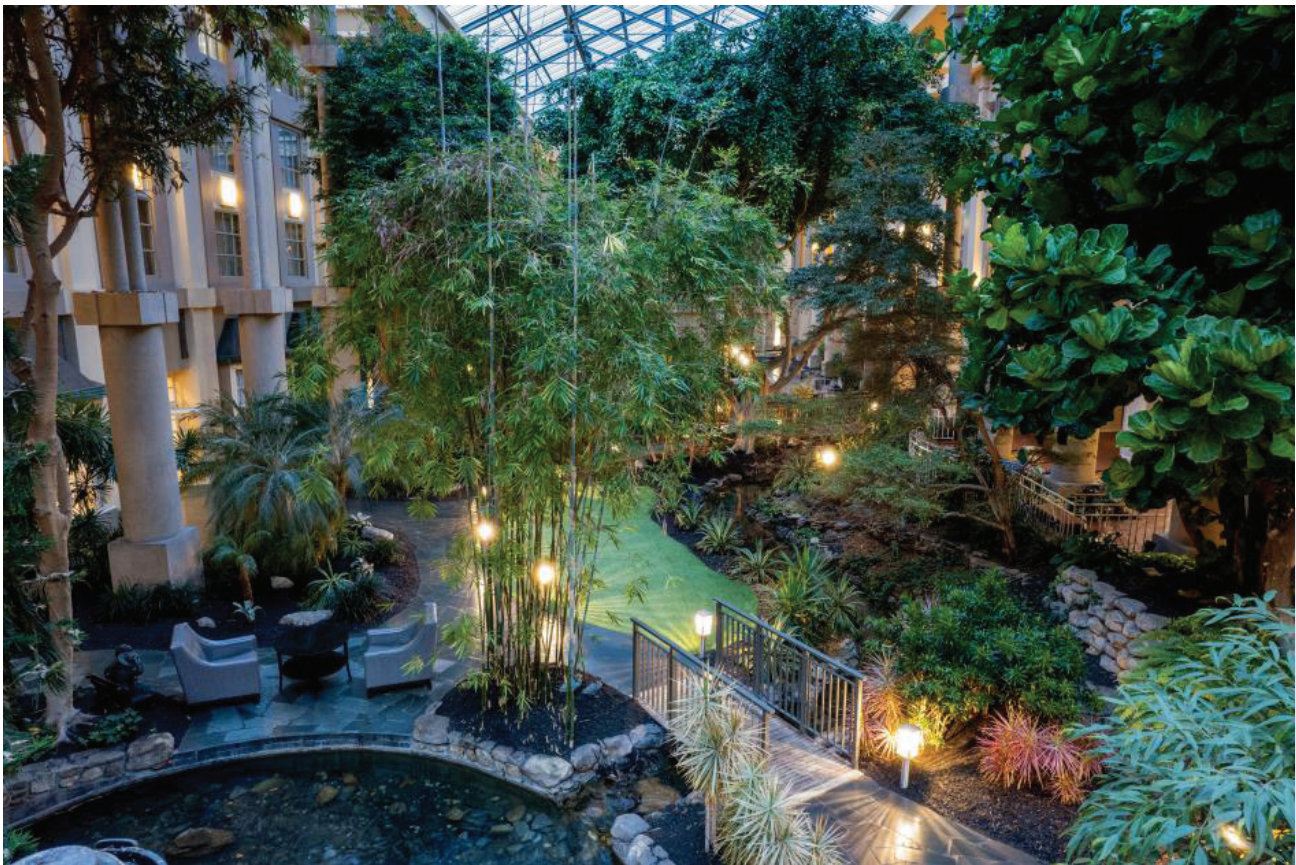

## Please Join Us at The Hyatt Regency, Greenwich

We hope many of you will choose to join us at Greenwich this March. One of the highlights is the location itself. Experience coastal charm at Hyatt Regency Greenwich where you will find a relaxing retreat in the heart of a picturesque town. The venue's location makes it easy to explore the town's historic mansions and museums, walk on the area's best beaches, or take a stroll along the quaint Greenwich Avenue.

We have a limited number of rooms available a highly discounted rate (about half the normal rate). In order to be eligible to book a room, you need to register for the conference first. If are considering staying at Greenwich, we encourage you to register and book while rooms are still available.

## Friday March 10, 2023

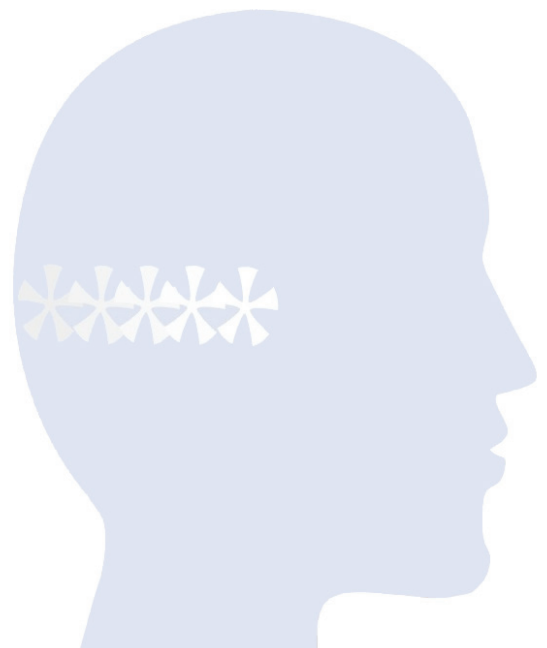

Morning Session		
8:00-8:15	Welcome and Introduction	Drs. Steven Baskin, Thomas Ward & Alan Rapoport
<b>Moderator:</b> Steven Baskin, PhD		
<b>THE BASICS</b>		
8:15-8:45	The approach to the high frequency headache patient	Alexander Mauskop, MD
8:45-9:15	Optimizing acute care in migraine	Kerry Knievel, DO
9:15-9:45	What's new in migraine prevention	Peter McAllister, MD
9:45-10:00	Discussion	Kathleen Mullin, MD
10:00-10:15	Q and A	
10:15-10:30	Break	
<b>MIGRAINE CHRONIFICATION</b>		
<b>Moderator:</b> Brian McGeeney, MD, MPH, MBA		
10:30-11:00	Chronification: the elephant in the closet	Robert Cowan, MD
11:00-11:30	The MOH diagnosis: overused or over doubted?	Morris Levin, MD
11:30-11:45	Discussion	Olivia Begasse De Dhaem, MD
11:45-12:00	Q and A	
12:00-1:00	Lunch and Product Theater	

# Friday March 10, 2023

Afternoon Session		
<b>BREAKING SCIENCE</b>		
<b>Moderator:</b> Elizabeth Loder, MD, MPH		
1:00-1:30	The past, present and future of migraine genetics in clinical practice	William Renthal MD, PhD
1:30-2:00	Preclinical models of migraine with aura: Understanding symptoms and identifying therapeutic targets	Andrea Harriott MD, PhD
2:00-2:30	The science of psychedelics in pain disorders	Emmanuelle Schindler, MD, PhD
2:30-2:45	Discussion	Robert Shapiro MD, PhD
2:45-3:00	Q and A	
3:00-3:15	Break	
<b>NON-PHARMACOLOGICAL</b>		
<b>Moderator:</b> Randall Weeks, PhD		
3:15-3:45	Stimulating relief: the world of neuromodulation devices	Brian Grosberg, MD
3:45-4:15	The third “wave” of behavioral approaches: A neurological perspective	Licia Grazzi, MD
4:15-4:30	Discussion	Cynthia Armand, MD
4:30-4:45	Q and A	

# Friday March 10, 2023

<b>Moderator:</b> Christopher Gottschalk, MD		
5:00-5:30	Inflammation is “good”	Jeff Mogil, PhD
5:30-5:45	Discussion	Steven Scrivani, DMD
5:45-6:00	Q and A	
6:00-6:15	Introduction lifetime achievement award	Thomas Ward, MD
6:15-7:00	My Life in Headache Medicine	Morris Levin, MD
<b>Wine and Cheese Reception</b>		

# Saturday March 11, 2023

Morning Session		
<b>OUR FRIENDS FROM CANADA</b> <b>Moderator:</b> Alan Rapoport, MD		
8:15-8:45	Headaches, hormones and hot flashes	Christine Lay, MD
8:45-9:15	Vestibular migraine: into the labyrinth	Elizabeth Leroux, MD
9:15-9:45	Functional neurological disorders and migraine	David Dodick, MD
9:45-10:00	Discussion	R. Allan Purdy, MD
10:00-10:15	Q and A	
10:15-10:30	Break	
<b>HOT TOPICS</b> <b>Moderator:</b> Herb Markley, MD		
10:30-11:00	Measuring what matters: beyond headache days	Dawn Buse, PhD
11:00-11:30	Covid-19 and headache	Matthew Robbins, MD
11:30-12:00	Inpatient headache treatment: Raskin protocol and beyond	Annika Ehrlich, FNP, MSN
12:00-12:15	Discussion	Noah Rosen, MD
12:15-12:30	Q and A	

## Saturday March 11, 2023

Afternoon Session		
<b>Moderator:</b> TBD		
12:45-1:15	Lunch and Learn The migraine prodrome: how early can we treat?	Richard Lipton, MD
1:15-1:30	Discussion	Elizabeth Seng, PhD
1:30-1:45	Q and A	
<b>Moderator:</b> Paul Rizzoli, MD		
1:45-3:30	Fellows Forum	
3:30-4:45	Afternoon Break	
<b>Moderator:</b> Alan Rapoport, MD		
4:45-5:00	The Coddon Fellow	Carly Ray, MD
5:00-5:15	Introduction Lifetime Achievement Award	David Dodick, MD
5:15-6:00	My life in headache medicine	Lawrence Newman, MD
6:00-7:00	Wait, Wait, Don't Tell Me – “The HCNE Version”	Morris Levin, MD & participants
<b>Wine and Cheese Reception</b>
